

The Maine State Fire Marshal's Office

in collaboration with

Maine Fire Service Institute

are pleased to present:

Fire Investigator: Principles and Practice to NFPA 921 and 1033

Course Location: Westbrook Fire Department
570 Main Street, Westbrook ME

Course Dates: May 4 - May 8, 2020

Course Times: 0800 - 1700 daily

Cost: \$100 per person; includes lunch

This 40 hour course will provide the training necessary for departments to conduct fire investigations. Participants will learn basic principles and practices of fire scene investigation, evidence preservation, report writing, and fire chemistry. This course will meet both NFPA 921 and NFPA 1033 requirements. Guest instructors will include: agents from ATF, Maine Solid Fuel Board, Maine Electrical Inspectors, and other subject matter experts.

Course attendance is limited to 30 attendees. Each applicant must also provide written acknowledgment from their sponsoring Fire Chief, verifying that they are (or will be) responsible for conducting fire investigations for their department.

The application deadline is April 17, 2020. Please send registrations and verification letter to:

Westbrook Fire and Rescue
570 Main Street
Westbrook, ME 04092

For more information, please contact:

- Fire Investigations Supervisor Ken Grimes at Kenneth.L.Grimes@maine.gov
- Deputy Fire Chief Steve Sloan at ssloan@westbrook.me.us
- Lieutenant Todd Zsiga at tez@portlandmaine.gov
