MFSI has developed this training program to better prepare firefighters to command and manage today's fire service. The Advanced Fire Officer program consists of the 10 chapters in the Jones & Bartlett Fire Officer I & II curriculum not presented in the Basic Fire Officer program. Completion of BFO and AFO does provide the participant with the knowledge and skills that meet the NFPA 1021 Standard required for ProBoard Fire Officer I & II certification. Those who complete BFO and AFO may take the written examinations required to obtain ProBoard Fire Officer I & II certification.

**PREREQUISITE: You must complete BASIC FIRE OFFICER prior to attending the ADVANCED FIRE OFFICER program.** Participants will complete a brief written project after each class which will reinforce the concepts discussed in class.
