

# Fire & Emergency Services Instructor II BRIDGE PROGRAM

**Program Fee: \$275**

**Deadline to apply:**

**Dec. 22, 2021**

**Participants must  
provide proof of  
COVID-19 vaccination.**

MFSI is proud to present a newly created bridge program from Fire Instructor I to Fire Instructor II. This program was established in anticipation of introducing the NFPA Live Burn Curriculum to Maine's fire community. The NFPA standard requires that presenters and instructors involved have Fire Instructor I & II credentials from MFSI, and we know that there are many dedicated individuals in the field who currently have Fire Instructor I only.

The NFPA 1041 standard for Fire Instructor has changed significantly over the past decade or more, but one fact remains the same: skillful instructors are vital to every dynamic, successful educational program. While facilities, instructional materials, equipment and personnel with specialized technical knowledge are also needed, without instructors who are fully competent and up-to-date in the art of teaching, no educational program can be

completely successful. This program will refresh you in areas previously discussed and bring you the latest in relevant laws, diversity training, lesson plan development, Training in Context, objective writing, Department of Labor requirements, and more. *Applicants must hold a current Fire Instructor I Certification (does not need to be ProBoard accredited).*

Successful completion of all course requirements by qualified individuals will allow them to sit for the ProBoard Fire Instructor II certification exam in accordance with the 2019 edition of NFPA Standard 1041.
