

EXERCISING LEADERSHIP ETHICALLY

F0523 is the fourth offering within the Executive Skill Series. This course provides students with the ability to recognize ethical dilemmas in the context of their environments, apply a decision model to resolve these dilemmas, render ethical decisions, and defend under scrutiny the resulting decisions that were made in an effort to resolve these dilemmas.

An eligible student must be minimally assigned to a supervisory-level position. However, all are welcome.

Apply via the online form on the MFSI NFA weekend event page.
